PROFILE

Software Engineer with 3 years of full-stack experience, primarily focused on backend development using C#/.NET and Azure Cloud Services. I'm passionate about problem-solving and excited to create technology that makes a positive impact while collaborating with others who share my drive for innovation.

WORK EXPERIENCE

Software Engineer 3

Effectv   2023 - Present

- Managed and supported an enterprise application built on Azure Cloud Services, including Azure App Service, Azure Service Bus, Azure SQL Server, Azure API Management, Microsoft Entra, Azure Key Vault, etc.
- Coordinated with product owners to design and estimate levels of effort for new features, utilizing SOLID and GOF design patterns.
- Transformed Azure infrastructure management to Infrastructure as Code using terraform for over a thousand Azure resources, automated through Concourse CICD.
- Created team coding standards for .NET / C# development.

Software Engineer 2

Effectv   2022-2023

- Fully managed and supported an ASP.NET Core Web Application hosted on managed IIS Servers.
- Learned DevOps practices, created YAML scripting to automate tasks, such as rotating Windows Service Accounts.
- Became a product expert on our client account management systems to provide guidance for business executives on technical solutions for integrations with new Sass products.

Software Development Intern

Seisan   2021-2022

- Engaged with clients to deliver technical solutions for incorporating new products to online store.
- Expanded user interface to support international sales.

Software Development Intern

Hamlet Hub   2020-2021

- Modernized Hamlet Hub's UX by creating a new React implementation for their website.
- Introduced to core development skills for front-end development like HTML, CSS, Typescript, Node Package Manager, and React.

COMMUNITY INVOLVEMENT

Volunteer Coach

New York Youth Rugby Club   2024- Present

- Created fun and engaging training sessions that fostered teamwork and skill development, inspiring players to enjoy the game and support each other.
